## About Me

---

I am a Computer Science Engineering graduate with analytical and technical capabilities, evidenced by a series of hands-on projects and a practical internship. My academic and practical experiences have honed my skills in web-development, with a strong foundation in programming languages and database management. Committed to learning and professional development, I am driven to apply my skills in a collaborative environment, aiming to make a impact through innovative solutions.

## Education

---

### Bachelor of Engineering in Computer Science and Engineering

Sep 2022 - Present

Mother Theresa Institute of Engineering and Technology-JNTUA

CGPA:8.76

### Intermediate

2020-2022

Mother Theresa Junior College

CGPA:9.3

## Experience

---

Programming Languages: Java, Python

Frontend: HTML, CSS, React.js (basic)

Database: SQL

## Academic Projects

---

### 1.RED LIFE TRACKER

Link: <https://22hr1a0595.github.io/Red-life-tracker>

Technology used: HTML, CSS, JavaScript

- Built a web-based application to manage blood group data, donor lists, and blood stock levels.
- Integrated features to recommend dietary plans and medications based on blood levels.
- Enabled efficient donor management and improved accessibility of health-related information.
- Focused on data accuracy, usability, and real-time record updates for better decision-making.

### 2.STUDENT RECORD MANAGEMENT SYSTEM

Link: <https://github.com/22HR1A0595/Student-crud>

Technology used : HTML, CSS, JavaScript, Angular, Spring Boot, MySQL, Java, CRUD operations.

- Developed a **full-stack web application** using **Angular, Spring Boot, HTML, CSS, and JavaScript**.
- Implemented **CRUD operations** with **RESTful APIs** for managing student records.
- Designed the system to **store, update, and retrieve student details** efficiently.
- Ensured **scalable performance** and user-friendly interface for seamless data manipulation.

## Achievements:

---

- Selected in Smart Indian Hackathon at college level.
- Participated and hold on certificate in tech camp provided by Google on AI-ML

## Languages:

---

- English (full working proficiency)
- Telugu (full working proficiency)
